About KOTA

Along the eastern bank of the Chambal River lies Kota - an amazing example of majestic medieval age and current Education Hub. The history of the city dates back to the 12th century A.D. when the Hada Chieftain, Rao Deva, conquered the territory and found Bundi and Hadoti. Later, in early 17th century AD, In the reign of the Mughal Emperor Jahangir, Rao Ratan Singh, the ruler of bundi, gave the principality of Kota to his son, Madho Singh. Since then Kota became a hallmark of the Rajput gallantry and culture. Its wealth of impressive forts, opulent palaces and splendid temples of past centuries retain their former glory.
